

SCOPE Joint Action

Content of deliverables

Stakeholder Event
London, 21 September 2015

Aims of deliverables

- Help NCAs comply with EU PhV regulations
- Suggest how NCAs might go above and beyond in order to optimise PhV activities
- Act as a sustainable source of reference
- Foster continued collaboration across MSs

Summary of WP deliverables

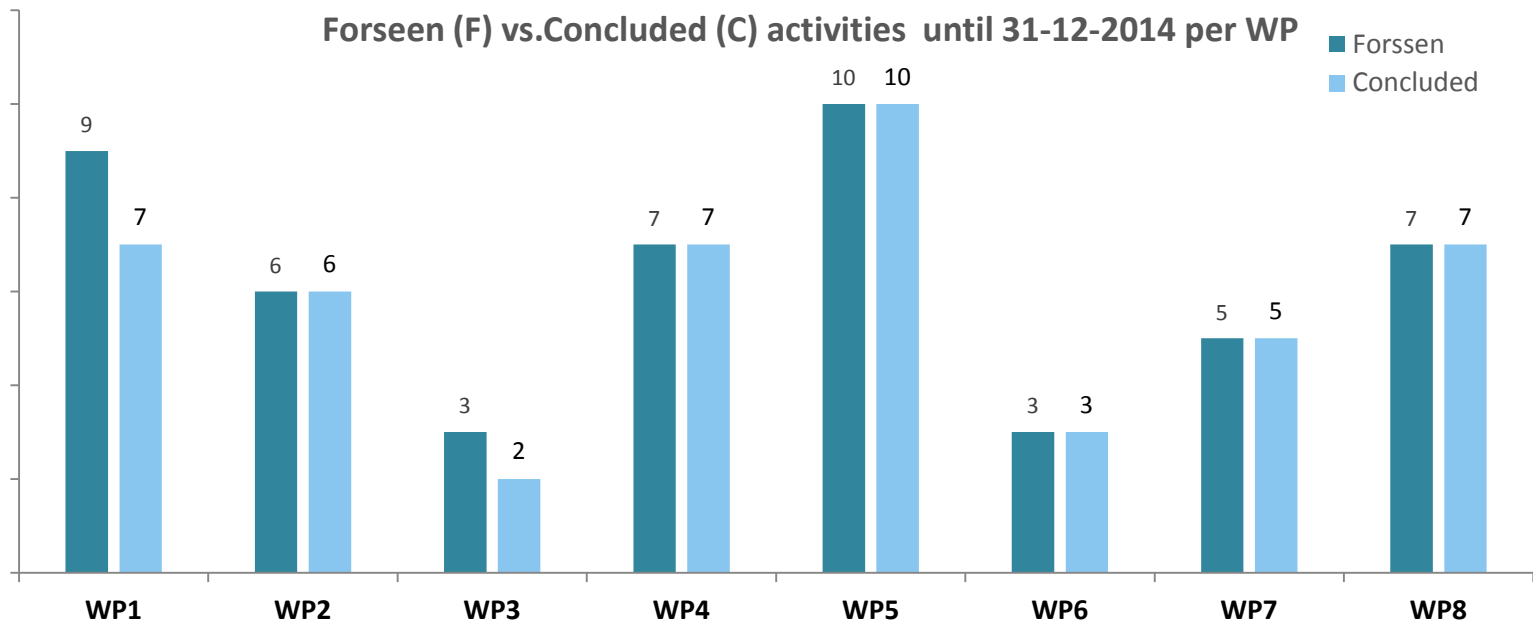

SCOPE

	WP4	WP5	WP6	WP7	WP8
Topic reports	X	X	X	X	X
Guidance document	X	X	X	X	
Workshops	X		X		X
Toolkits			X	X	
Educational materials e.g. e-learning	X			X	X
Functional resources e.g. reporting forms	X				
Scientific publications	X				
Position paper	X				X

Activities until 31/12/2014

Activities from 01/01/2015 to 31/07/2015

Training formats

- Toolkits
 - Educational material
 - Guidance documents
 - Case studies
 - Reports
-
- All materials will be approved across the WPLs
 - Aim to have overall look and feel the same across the SCOPE project

“Training options”

- Flagship event(s) to present a SCOPE findings across WPs and opportunity for training
- To be held in Autumn 2016
- Open to all NCAs *and others?*
- WPLs may deliver ‘taster sessions’ for their tailored training
- Such an event would compliment the training delivered by each individual WP

WP-specific training

- WP will design their own training structure
- Delivered in a variety of forms:
 - Workshops
 - ‘Train the trainer’ sessions
 - e-learning
 - Case study presentations
 - Guidance documents
- Training is aimed at NCAs
- May be delivered in a variety of locations

Issues to consider

- Availability of attendance
 - Clashing other meetings
 - Not all at one time
- Budget
- Accessibility
- Translations

Sustainability (and evaluation?)

- Training materials will be made available on the SCOPE website
- NCAs may create accredited courses for target audiences

Points to discuss

- Where will materials be stored going forward?
- Who will maintain the documents?
- Who has access?

Next steps

- Create specifications for professional training material development
 - Type
 - Content
- Work with subcontractor to produce consistent materials
- WPLs to propose full training timetables
 - When
 - Where
 - How
 - Who
